

## BREED CODE: SFL - SCOTTISH FOLD LONGHAIR

### GENERAL TYPE STANDARD

The Scottish Fold cat occurred as a spontaneous mutation in farm cats in Scotland. The breed has been established by crosses to British Shorthair and domestic cats in Scotland and England. In America the outcross is the American and British Shorthair. All bona fide Scottish Fold cats trace their pedigree to Susie, the first fold-ear cat discovered by the founders of the breed, William and Mary Ross.

- Head:** Well rounded with a firm chin and jaw. Muzzle to have well rounded whisker pads, head should blend into a short neck. Prominent cheeks with a jowley appearance in males.
- Eyes:** Wide open with a sweet expression. Large, well-rounded and separated by a broad nose. Eye colour to correspond with coat colour.
- Nose:** Nose to be short with a gentle curve. A brief stop is permitted but a definite nose break considered a fault. Profile is moderate in appearance.
- Ears:** Fold forward and downward. Small, the smaller, tightly folded ear preferred over a loose fold and larger ear. The ears should be set in a caplike fashion to expose a rounded cranium. Eartips to be rounded.
- Body:** Medium, rounded and even from shoulder to pelvic girdle. The cat should stand firm on a well padded body. There must be no hint of thickness or lack of mobility in the cat due to short, coarse legs. Toes to be neat and well rounded with five in front and four behind. Rear feet face forward – feet which point outwards to be penalised. Overall appearance is that of a well rounded cat with medium bone. Fault cats obviously lacking in type. Legs medium in length and in proportion to the body. Females may be slightly smaller.
- Tail:** Tail should be medium to long but in proportion to the body. It should also be flexible and tapering. Longer tapering tail preferred.
- Coat:** Medium to long hair length. Full coat on face and body desirable but shorter hair permissible on face and legs. Breeches, tail plume, toe tufts and ear furnishings should be clearly visible with a ruff being desirable

**Colour:** All recognized Scottish Fold Shorthair colours and patterns are allowed and the Scottish Fold Longhair should conform to those individual colour standards.
